
5. Functional Department -Place-Three-Person team, product company and purchase division of the factory of the Company or its Subsidiaries.

6. Bid Management Institution the business operations, refers to the Bid Evaluation Center of the Company (include Purchase & Supply Division, Bid Evaluation Team and Functional staffs) and Bid Evaluation Team and Purchase Department, etc.

7. Procurement

- i. Procurement of materials and equipment;
- ii. Project and labor service subcontracting (tendering);
- iii. Rental of houses, equipment and turnover materials; and
- iv. Purchasing or accepting licenses for consulting services regarding technology, management, operation methods and practices.

8.

viii. Officials and employees of public enterprises, which are enterprises over

process of preview of qualification of suppliers, and hand out *Supplier Questionnaire* to suppliers (see Annex 2 Supplier Questionnaire) and *Declaration of Compliance* (see Annex 3 Declaration of Compliance);

4. Assessing the risks and completing the *Supplier Assessment Form* (see Annex 4 Supplier Assessment Form);
5. Other responsibilities provided by ZTT Compliance Rules.

Article 8. The responsibility on compliance management of the procurement of the Functional Department of the Company and Subsidiaries includes but not limited to the following:

- I. Making the annual, seasonal

members from the Procurement Management Department and Appropriate Compliance Departments as decided by senior management in consultation with the Appropriate Compliance Department and other relevant officers and staff.

These Procurement Supervisory Groups shall be independent of the Tendering Management Institution established pursuant to Chapter III below and will have responsibility for supervising overall procurement activities.

Article 11.

to:

1. Conduct compliance reviews in procurement plans and activities;
2. Receive and deal with suspicions of procurement errors or misconduct, and reports on noncompliance conduct during the procurement process, from employees and also the suppliers;
3. Conduct compliance reviews on tendering processes and results;
4. Review the procurement to ensure it conforms with the Code of Conduct and other ZTT Compliance Rules;
5. Undertake other preventative and supervisory reviews as directed by the Company Chief Compliance Officer, as applicable.

Article 12. If a Procurement Supervisory Group identifies any violation of laws or compliance requirements of ZTT Compliance Rules in procurement activities, it shall report promptly to the Person in charge responsible for procurement and the Appropriate Compliance Department(s) of the Company and its Subsidiaries. The Person in charge and the Appropriate Compliance Department shall decide to suspend or terminate the tendering process, or renounce the award, subject to conditions; if it is necessary, they may decide to take measures of remedy or discipline against the noncompliance conduct.

Article 13. The Company and its Subsidiaries shall adopt appropriate procurement methods based on relevant market circumstances and procurement plans.

CHAPTER III. Principles of Tendering For Procurement

Article 15. The Company and its Subsidiaries shall set up a Tendering Management Institution that is responsible for tendering procurement. The Tendering Management Institution shall always include the Appropriate Compliance Department. management and be subject to supervision from the Procurement Supervisory Group.

Article 16. All tendering activities shall comply with applicable laws (including regulations in the country in which the tender or relevant project is to be awarded) and

-
3. Strict review of sole-sourced or sole-bidder contracts; and
 4. If the tendering-related might involve subcontracting of projects of the Company, it should be based on applicable laws and contract provisions to decide if the subcontracting is permitted or if such subcontracting had been disclosed to owner.

If any compliance red flags are identified at any stage of a tender, they shall be reported to the Appropriate Compliance Department for review, investigation, and redress as appropriate.

Article 21. The following activities are strictly prohibited in the Company and its Subsidiaries tendering:

1. Avoiding tendering by means of changing tendering plans or procedures (unless otherwise permitted under applicable laws, the Procurement and Bidding Policy of ZTT Group, and Article 13, Paragraph 2 of this Rules) applicable to a project which is subject to being tendered under applicable laws and the this Rules;
2. Suggesting that one or more bidders form a consortium or association to make a joint bid, or otherwise act to restrict competition among bidders (regardless of whether or not such activity violates applicable laws);

-
11. Concealing or destroying bid-invitation and other tender documents that ought to be preserved, or forging or fabricating bid documents;
 12. Conducting tendering activities in violation of the approved tender;
 13. Signing contract with provisions against the provisions in the tendering document;
 14. Impeding or refusing the supervision or inspection from the Procurement Supervisory Group or the Appropriate Compliance Department of the Company and Subsidiaries; and
 15. Other non-compliant or illegal activities leading to disrupting the bidding process and affecting fair competition with unfair measures.

CHAPTER IV. Pre-qualification Compliance Review

Article 22. The Company and its Subsidiaries shall, according to applicable and valid National Standard and requirements of regulations of the Company, implement Supplier review policies and set up a Qualified Suppliers List.

Article 23. Qualified Suppliers shall have basic qualifications, capabilities, and resources and be in a stable financial status to execute the tendered contract, and shall also comply with the requirements of ZTT Compliance Rules.

Article 24. For tendering activities of bulk procurement involving services contracts, project subcontracting, equipment and materials, Third Parties except for Suppliers shall be governed by *ZTT Compliance Rules for Due Diligence on Supplier*.

Article 25. The Procurement Management Department shall, according to the provisions of this Chapter, conduct compliance qualification review on all suppliers including compliant suppliers, to ensure they complies with the requirement of the Appropriate Compliance Department.

The Procurement Management Department shall hand out Supplier Questionnaire and Declaration of Compliance to suppliers, collect relevant compliance information from suppliers, and complete Supplier Assessment, all of which shall be submitted to the Appropriate Compliance Department together with the procurement plan for approval.

Article 26. The pre-qualification compliance review shall include but not be limited to obtaining information relating to:

contract or project is to be performed (referring to the list of high-risk countries or districts issued by the Company and its Subsidiaries or State Commercial Department);

2. Supplier background, including ultimate beneficiary, directors, senior management, etc.

-
3. governmental authorities ;
 4. Relevant compliance information regarding the supplier in the databases of international organizations, local governments (if publicly available), and the Company;
 5. Any pending or potential litigation cases of the Supplier in the past decade;
 6. Ownership or other relationships between local Government Organizations or Public Officials and the Supplier (including existing or previous contracts undertaken on behalf of the government over the last ten years);
 7. Whether the Supplier has been charged or investigated for corruption, fraud, collusion, or other offences; and
 8. Market reputation of the Supplier (based on public information, Embassy or Consulate information if any, Supplier references, and past ezgeime(c)-5(e)4d the

-
1. Any former shareholders, or senior management of the Supplier or of its parent or an affiliate entity has/have been internationally or locally wanted for a criminal conviction in the past decade; or
 2. Any current shareholders, or senior management of the Supplier or its parent or an affiliate entity is/are suspected of being involved in any litigation arising from charges of corruption, fraud, monopoly or collusion, tax evasion, or money laundering;
 3. The Supplier, its parent entity, or any of its affiliate entities, is listed on the restricted Supplier blacklist by the Company and its Subsidiaries.
 4. Any other risks in equivalent with the degree of above-mentioned risks.

III. Risk Class Two refers to circumstances in which although the supplier may possibly lead to sanctions, penalty, loss of property or reputation and other negative effect, including but not limited to:

Reputation:

- 1.

9. The Supplier is not equipped with corresponding resources, employees to undertake the service in the Supplier Agreement, or the Supplier engages or plans to engage an unnecessary subcontractor (e.g. consultant, distributor, and sub-agent) or multiple agencies to perform the agreement;

10. The Supplier has conducted such business for a long time.

Payment:

11. The Supplier demands payment or commission fee which is far beyond the service it provides or the risks it bears;

12. The Supplier requires a one-time payment in cash or cash equivalents;

13. The Supplier requires an irregular payment terms, e.g. payment made to countries or regions other than place of registration, business or providing service, or payment made to banks or Third Parties irrelevant with this transaction, or payment made in a third world currency, or payment made to individuals when a company provide services, or payment in the purpose of avoiding laws (e.g. tax avoidance);

14. The Supplier refuses to record the expenditure properly;

Other circumstances:

15. The Supplier refuses to sign the Declaration of Compliance regarding the anti-corruption laws (see Annex 3)

16. The Supplier insists to avoid using written communications, including emails, fax, etc.

17. No other supplier was considered by the Company and its Subsidiaries for the particular project or contract;

18. Any other risks in equivalent with the degree of above-mentioned risks.

IV. Risk Class Three refers to circumstances in which cooperation with such supplier may possibly lead to sanctions, penalty, loss of property or reputation and other negative effect, but the risk is lower than the above Critical Level, Class One and Class Two.

Article 28. With regard to different levels of compliance risks on procurement, the Company and Subsidiaries may exercise the following approval process:

I. If the compliance risk of the supplier is Critical Risk Level which prohibits the cooperation, the Company and its Subsidiaries should not enter into contract or cooperate with such supplier;

II. For Risk Class One, a contract or other business cooperation of the Company and its Subsidiaries shall be prohibited in principle. If cooperation or a contract is nonetheless determined to be necessary, the compliance risk posed by the proposed supplier must be sufficiently mitigated (e.g. by severing its relationship with the individual or affiliate which caused the supplier to be categorized in Risk Class One, or the Company and its Subsidiaries will limit the relationship with such supplier in a certain range) and advance and joint approvals must first be obtained from the

CHAPTER VI. Discipline

Article 34. The employees of the Company and its Subsidiaries fail to comply with the this Rules, given the seriousness of the circumstance, will be subject to disciplinary actions from public notice to termination of job, consistent with applicable laws and internal rules of the Company, provided that they will also be pursued for liability.

CHAPTER VII. Miscellaneous

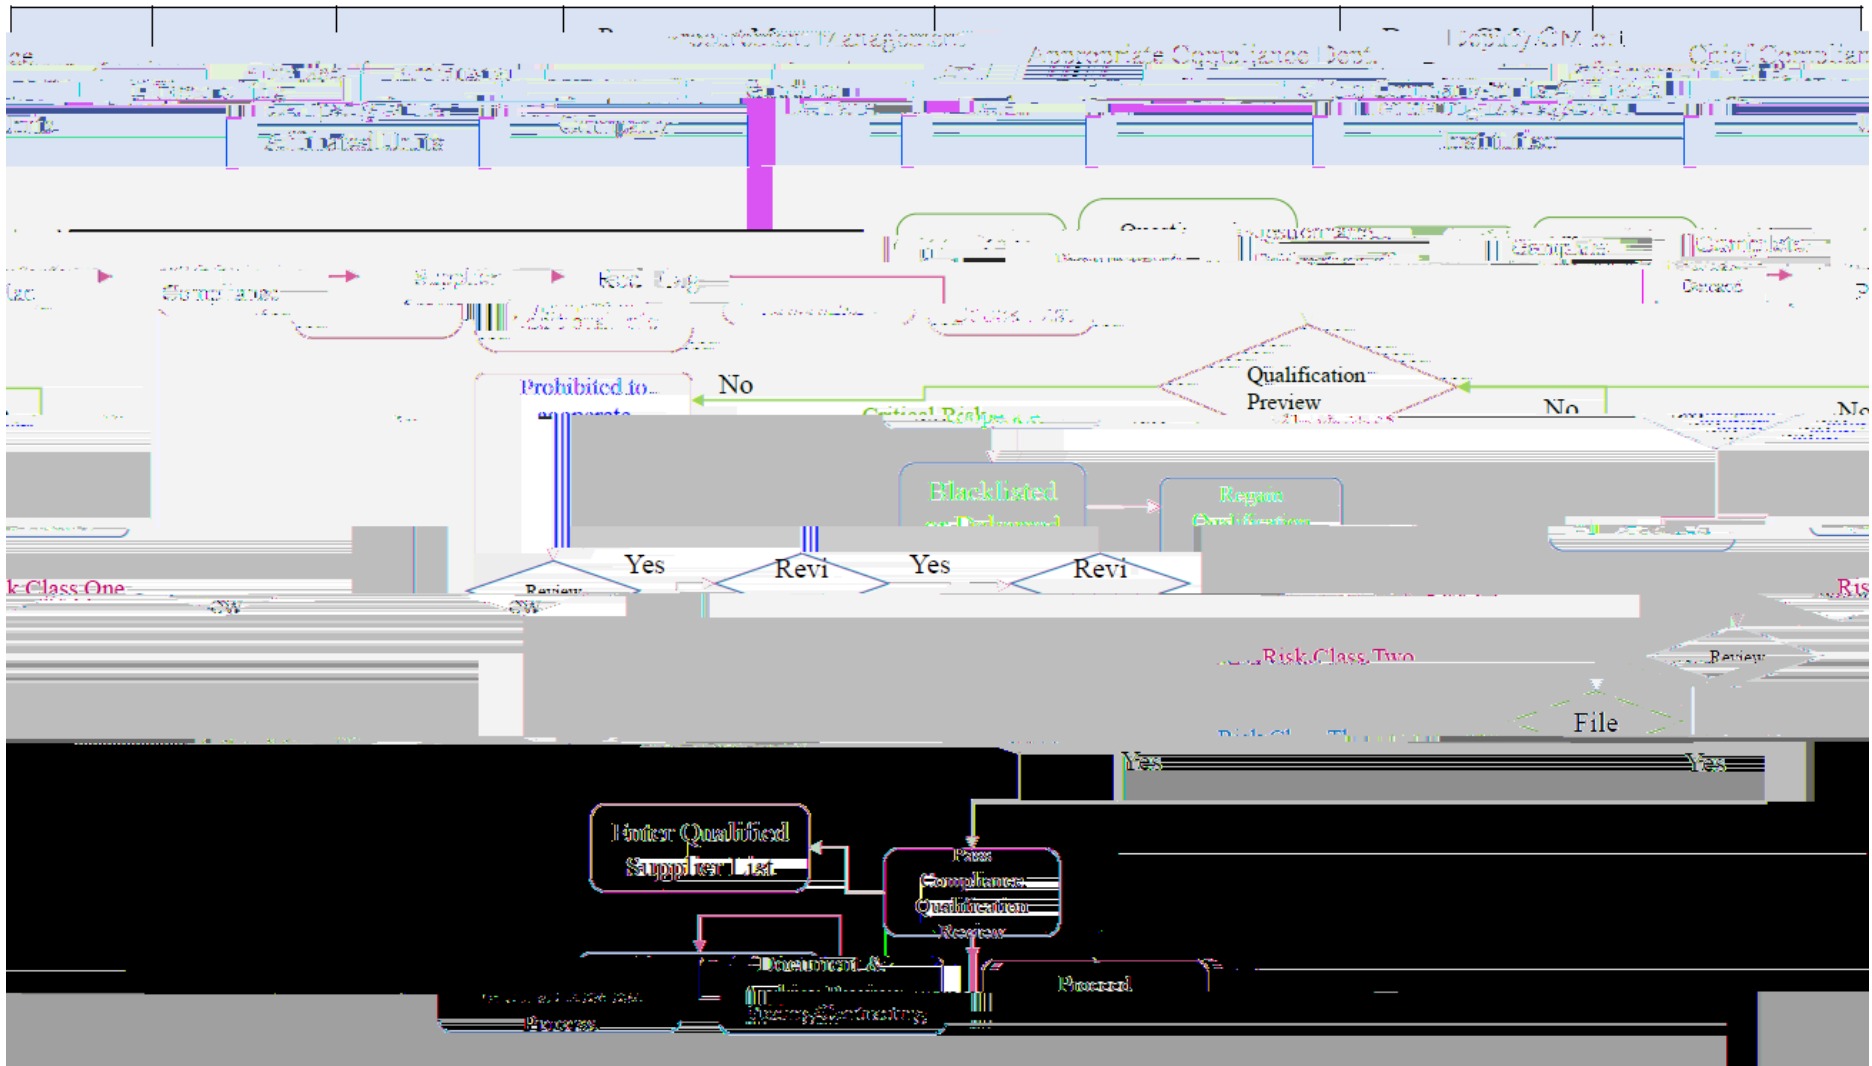

Article 35. Any questions concerning this Rules should be addressed to the Appropriate Compliance Department.

Article 36. The Compliance Standard Department of the Company, on behalf of the Company, exercise the supervision on the implementation of these Rulesis Rules in its departments, and it has the ultimate right to instruct and interpret the implementation of this Rules.
